

FEMA Damage Matrix: Affected (For Conventionally Built Homes)

Definition:
Residences with minimal damage to the exterior and/or contents of the home.

Flood Examples:

- Any water line in the crawl space or basement when essential living space or mechanical components are not damaged or submerged

Non-Flood Examples:

- Partial missing shingles or siding
- Cosmetic damage such as paint discoloration or loose siding
- Broken screens
- Gutter damage and debris
- Damage to an attached structure such as a porch, carport, garage, or outbuilding not for commercial use
- Damage to landscaping, retaining walls, or downed trees that do not affect access to the residence

FLOOD DAMAGE: CONVENTIONALLY BUILT HOMES WITHOUT BASEMENT

EXAMPLES:

- Minimal damage to structure or contents
- Any water line in the crawl space when essential living space or mechanical components are not damaged or submerged

AFFECTED - FLOOD
